MEGA DISTRIBUTORS

A Revolutionary Parts Cleaning System

The next generation in parts cleaning

- Superior performance
- Economical operation
- Environmentally friendly
- Safer user experience

SUPERIOR PERFORMANCE

Works 5 times faster than an automatic or manual
Cleans where others cannot
Energy is concentrated
Cleans with Heat, power, and chemistry

ECONOMICAL OPERATION

Costs much less than most automatic machines
Cuts hazardous waste fees through less waste
Significantly reduces labor costs through faster cleaning
Extends service cycles as solvent is recycled on site

ENVIRONMENTALLY FRIENDLY

Eliminates the use of organic solvents and their environmental impact
On site recycling reduces generation of hazardous waste
Helps achieve ISO 14001 goals and objectives thru less waste

SAFER USER EXPERIENCE

Decreases exposure to harmful chemicals
Prevents skin absorption of harmful hydrocarbons
Does away with noxious fumes and fire hazard
