Thai Tex is recognized as Thailand's leading producer of latex concentrate. They supply high quality latex concentrate and skim block to leading rubber product companies worldwide.

COST SUMMARY	SAVINGS / ROI
Super Chemzyme V 60 Lites 21,000 Bth / USD \$ 600 / month	Water discharge fine 300,000 Bth/ USD \$ 8,570 / month
Chemzyme Complete 4 lb 3,352 Bth / USD \$ 95 / month	Aeration electricity cost 30,000 Bth/ USD \$ 858 / month
TOTAL SAVINGS:306,648 Bath / USD \$ 8,760 / month	

PROBLEM

The air and water management does not meet ISO standards.
Foul smell of waste water from processing rubber hangs over the entire area of factory
Discharge water is black and smell badly
High cost of electricity for needed to maintain aeration for the system.

SOLUTION

Corrective dosage: 5 Liters of Super Chemzyme V and 250gms
Chemzyme Complete daily.
Maintenance dosage : After 7 months. Customer maintains at 2 liters
Super Chemzyme V & 125 gms of Chemzyme Complete daily.

RESULTS

Reduced the odors around the area
Reduced aeration and savings from electricity around 30,000 Baht per month.
Improved the quality of outlet water and scum has been reduced.

Plant air and waste water quality meets standards and generated savings
