

# Shiney Bright

MEGA DISTRIBUTORS

Non-Acid Cleaner and Aluminium Brightener

## Drives out embedded grime and oxides from aluminium fins

- Easy-to-use: requires no agitation
- Powerful foaming action brings immediate cleaning results
- Works in 3 to 5 minutes
- Leaves aluminium bright and shiny

## Description

### Areas of Application

- Air conditioning coils
- Unpainted aluminium
- Roofs
- Buildings
- Ladders

### Directions

1. Dilute Shiney Bright with up to 25 parts water. \*
2. Apply Shiney Bright solution with a sprayer.
3. Immediately rinse the solution with water.
4. Rinse the water a second time to ensure the complete removal of the solution.

\* Refer Dilution rates by application.

### Dilution Rates By Application

Application	Dilution Rate
Normal Cleaning	1:25
Cleaning Air Conditioner Coils	1:20
Coil Brightening	1:10
Badly pitted/oxidised surfaces	1:8

### Technical Specifications

Activates	In 3 to 5 minutes
Does not contain	Hydrofluoric acid

## Features and Benefits

Easily removes tough grime and layers of oxidation from aluminium fins and coils to leave the surface bright and shiny.

Does not contain hydrofluoric acid. It will not harm either the air conditioning coils or the spray equipment used to apply it.

Targets hard-to-reach areas, eliminating the need to break down air conditioning units.

Foaming formula clings to vertical surfaces for more efficient cleaning and less run off or product waste.

## Precautions

May cause damage to painted surfaces.

Do not use on polished or anodised aluminium.

Do not use on automotive finishes.

**WARNING:** Consult the label for full instructions and precautions before using this product.
