Shields the skin from irritants for up to 4 hours with just one application.

- Non-greasy hand cream
- Conditions skin as it protects
- Easily removed with soap and water
- Has a pleasant floral smell

Description

Areas of Application

- Automotive and repair shops
- Machine shops
- Printing shops
- Maintenance shops

Protects Skin From

- Resins
- Epoxies
- Plastics
- Inks and tars
- Salts
- Oil-soluble irritants
- Other water-soluble irritants

Directions

1. Rub Hand Screen well into the skin to be protected until a slightly moist coating remains.
2. Allow to dry to a final coat.
3. Wash hands thoroughly with soap and water before eating to remove trapped contaminants. Reapply before returning to work.
3. At the end of the work day, wash hands thoroughly again with soap and water.
